5. Presentation, discussion, and possible action on a request for waiver from Section 3.1o, Street/Block Length of the Subdivision Ordinance for Salado Mills, a proposed subdivision located on Stinnett Mill Road in the Village's extraterritorial jurisdiction.

Chrissy Lee presented request for waivers for applicant Bear Rosamond developer for Salado Mills. She explained that the Ordinance states no street shall be longer than 1,200 feet. Chalk Mill Crossing is proposed to be 1,996 feet and Davis Mill Road is proposed to be 2,300 feet. Contributing factors to the street length include the subdivision meeting the requirement of two means of ingress/egress, as well as topographic constraints. Mitigation offered includes a turnaround bulb near the midpoint of Chalk Mill Crossing and street connections off of Davis Mill Road. The Salado Volunteer Fire Department supports the request for waiver with the mitigation offered. The Bell County Engineer's office supports the request for waiver.

Alderman Williams asked if there was an indication for when Phases II and III would be constructed. Ms. Lee said it was her understanding that Phase II would be submitted shortly.

*Mayor Pro Tempore Brown made a motion to approve a waiver to Section 3.1o, Street/Block Length of the Subdivision Ordinance for Salado Mills, a proposed subdivision located on Stinnett Mill Road in the Village's extraterritorial jurisdiction. Alderman Coachman seconded. The motion carried unanimously.*

6. Presentation, discussion, and possible action on a Concept Plan for Mill Creek Meadows, a ±119.381, 3-phase (Phase 1 existing), residential subdivision located near the intersection of Ambrose Drive and Mackie Drive to the west and on the corner of Marie Lane and Blackberry Road to the east, in the Extraterritorial Jurisdiction of Salado.

Chrissy Lee presented the Concept Plan for Mill Creek Meadows. She explained that the applicant, Billy Helm, had met all requirements of the Subdivision Ordinance for this step in the development process. Water for this development will be provided by Salado Water Supply Corporation through a 6 inch water line inside of a 20 foot wide utility easement. Sewer will be by onsite septic approved by the Bell County Public Health District. All common areas will be maintained by the HOA. Both the Village Engineer and the Bell County Engineer have approved the Concept Plan. The Planning and Zoning Commission approved the Concept Plan unanimously on September 27, 2016. The applicant at the request of P&Z has presented the Village with a letter of intent to use Marie Lane for all construction traffic to Phase II and Phase III of this development.

Alderman Williams asked Mr. Helm to clarify his letter of intent. Mr. Helm gave his word that construction traffic would use Marie Lane for Phases II and III, but clarified that the lots that are existing on Phase I would still see construction traffic through Hester Way.

*Alderman Coachman made a motion to approve a Concept Plan for Mill Creek Meadows, a ±119.381, 3-phase (Phase 1 existing), residential subdivision located near the intersection of Ambrose Drive and Mackie Drive to the west and on the corner of Marie Lane and Blackberry Road to the east, in the Extraterritorial Jurisdiction of Salado. Alderman Dankert seconded. The motion carried unanimously.*

Administrator Foutz explained that the Village does not have to name an alternate, but because the Salado Village Voice is a weekly publication, having a daily named as alternate can help the Village when it is on a tight publication schedule. The Appraisal District publishes the Truth in Taxation notice in the Temple Daily Telegram. This item will be discussed again at the September 22, 2016, BOA meeting.

The Mayor closed the Workshop Session at 8:33 p.m. and announced that the BOA would go into Executive Session.
